

Ladies coaching section

“I was apprehensive at first, but then I met the group and we all just clicked. It’s a laid back, fun and social way of getting into the game.”

Melissa Cross,

Ladies’ group classes

Simply get your own group of five or six friends together, or join one of the existing groups. These sessions are great fun and a brilliant way to make new friends, or share a laugh with your current ones!

You’ll learn the game on the range and on the course. There’s also the opportunity to take on other groups in competitions, including evening tournaments with dinner, drinks and prizes.

After your class what better way to relax than with lunch or a coffee in the clubhouse.

Not sure if it’s for you? No problem, simply try one of my free taster sessions.
